The other can be any non-relative who knows you well (including another school professional, Rabbi, employer, etc.) **Deadline for receipt of application and request for letters of recommendation and transcripts: December 3, 2020. Deadline for receipt of letters of recommendation and transcript: December 8, 2020.**

Fellows will be notified of acceptance in **March**.

**We request academic transcripts to learn about an applicant's academic pursuits and course load. However, we do not believe that grades and GPA reflect a candidate's sophistication of thought, character, or the ability to contribute to and benefit from the Fellowship. Far more important (and interesting) are the personal essays and letters of recommendation, which offer a platform for applicants to tell their stories, express their unique interests, and describe their relationship to community. We further understand that due to educational disruptions caused by COVID-19 that grades for the last academic year may have been adversely affected. This will not affect your candidacy for the Fellowship.*
